Dear Parents and Students:

Welcome to the Edgemont Elementary School family! We thank you for trusting the staff of Edgemont School with the education of your student(s). We are looking forward to an outstanding year filled with terrific accomplishments.

We have created this Student/Parent Handbook and Code of Conduct for the convenience of students, parents, staff, and stakeholders of Edgemont School. The handbook highlights important school policies and guidelines. Please read through this handbook with your child and discuss the importance of following school and district policies. We believe communication and understanding of these standards is critical in establishing well-being, safety, and satisfaction for all of our students, teachers, and parents. If you have questions or concerns related to school rules or district policies, you should contact the school principal at (423)623-2288 or by email at chambersn@cc-boe.net. The complete list of district policies can be found at <http://www.cocke.k12.tn.us/policy.html>.

Due to the expense involved in printing this handbook, it will be issued only once during the student's enrollment at Edgemont School. If the handbook is lost or destroyed, it can be accessed on the school website at www.edgemontelementary.weebly.com.

Sincerely,

Nathan Chambers

Please refrain from dropping students off before this time as students will be unsupervised and the school will not be responsible or liable for any incident that might occur. Students can be dropped off at the front entrance door or in the lower parking lot. The speed limit is 5mph in the front circle and all parking lots. Cars cannot enter the bus zones while buses are loading or unloading (The bus zones are marked in the front circle area). **Parking in the front of the school is not permitted during morning drop-off or afternoon dismissal.**

As students enter the building, they must report to the cafeteria for breakfast or gym for bus duty. If a student wants to eat breakfast, they must go straight to the cafeteria upon arrival to school. Breakfast will be served from 7:30am-8:10am. Please encourage your child or children to eat breakfast each morning. **Note: If a student stays in the cafeteria past 8:15am, they will be counted tardy.**

Bus Duty Information - Prior to 8:05am, students will report to the gym for bus duty. During this time, students will have assigned seating areas on the bleachers. Students will not be allowed in the classroom areas of the building until the dismissal bell. No student will be excused to classroom areas without a teacher request.

Escorting students to class - In order to ensure the safety of your child, all students in grades 1-8 must report to his or her respective classroom without the accompaniment of a parent escort. Kindergarten parents may escort their child/children to class until August 17. After this date, kindergarten students should report to class alone. Thank you in advance for your understanding and assistance with this request.

Afternoon Dismissal Procedures-

Each afternoon at 3:05pm, the school doors will remain locked during dismissal procedures. This is a necessary step in ensuring the safety of our students. No early dismissals will be granted after this time. If you have a student(s) with an appointment which requires leaving early from school, make sure you arrive by 3:00pm to pick them up. Otherwise, you will be required to pick them up from the gym doors at regular dismissal time.

Gym doors will open for car rider dismissal at approximately 3:25pm.

School Visitors -

Our top priority is to provide your child/children with a quality education in a safe learning environment. In order to maintain a safe environment, **all parents and visitors must go to the office and identify themselves, explain the reason for their visit, and obtain a visitor's pass before visiting a classroom.**

Instructional time - The main concern of the faculty at Edgemont School is to supply your child with a quality education. In order to do this, it is essential that instructional time have as few interruptions as possible. Each teacher appreciates the interest you have in your child's education, and they are willing to meet with you about any of your concerns. **However, parent/teacher conferences must be scheduled in advance so that instructional time is not lost.** Teachers have the responsibility for classes and planning and cannot stop for unscheduled conferences. We request that you call the school to schedule an appointment if you need to meet with a teacher.

Open House (Parent/Teacher Conference Nights) - There will be two Open House sessions held each year. One session will be scheduled for each semester. The school will notify parents of the date and time of the session. These conferences allow the parents and teachers an opportunity to discuss student progress and achievement. Parents are urged to attend and be involved in their child's education.

Attendance and Truancy Policies -

Attendance is a key factor in student achievement and therefore, students are expected to be present each day school is in session. Student achievement is negatively impacted anytime a student is absent, tardy, or leaves early. Parents are legally responsible to ensure his or her children are in school. Students should strive for perfect attendance. Please make every attempt to schedule doctor and dental appointments for afterschool hours. In the event of an absence, a note explaining the reason for absence should be provided to the student's teacher.

Absences shall be classified as either authorized or unauthorized as determined by the principal or his/her designee. Authorized absences include: personal illness, illness of immediate family member, death in the family, extreme weather conditions, religious observances, **signed parent notes of which no more than 5 may be used during the school year**, circumstances which in the judgment of the principal create emergencies over which the student has no control, school sponsored activities, or subpoena to court.

Truancy is defined as an absence for an entire school day, a major portion of the school day or the major portion of any class, study hall, or activity during the school day for which the student is scheduled.

Students who are absent three (3) days without adequate excuse will receive a three day notice letter from his/her teacher. Students who are absent five (5) days without adequate excuse will be reported to the director of schools who will, in turn, provide written notice to the parents/guardians of the student's absences. In addition, the principal/designee shall initiate meaningful communications with the student and parent/guardian in order to determine the underlying cause(s) of the unexcused absences. The principal/designee shall then develop an attendance plan and coordinate additional services designated to improve the student's attendance.

One absence shall be recorded for unauthorized tardies or unauthorized leave earlies or any combination of unauthorized tardies or unauthorized leave earlies equaling 3 that the student receives.

Continual truancy problems are serious offenses and could result in citation to the Truancy Board or Juvenile Court.

Cafeteria Policies -

The National School Breakfast and Lunch Programs competitive food policy requires that:

- Students may bring a lunch from home, but they must eat their lunch in the cafeteria.
- Carbonated drinks are not allowed.
- No glass containers are permitted on school grounds.
- No competitive foods are allowed to come through the serving line. For example, if a student wants to bring food from an outside vendor, it could not be brought to the cafeteria in its original packaging or labeling.

Our system has opted to participate in the Community Eligibility Program (CEP), which means **all of our students receive both breakfast and lunch at no charge.**

Lost and Found-

Articles found in and around the school should be turned into the school office. All items will be placed in the school's lost and found which is located on the stage in the cafeteria. Identification is much easier when student names are written on backpacks, coats, bags, etc.

Students are required to follow all reasonable rules instituted by the driver. (See School Board Policy.)
- Drivers may assign students permanent seating on the bus if needed.
- Students will be responsible for any intentional damage caused to the bus.
- Consistent with school board policy, students who fail to comply with bus rules and regulations will be subject to disciplinary action including potential bus suspension or removal of bus privileges.

Dress Code-

Policy Number 6.310

Students shall dress and groom in a clean, neat and modest manner so as not to distract or interfere with the operation of the school.

More specific guidelines appropriate for each level of school (elementary or high school) may be developed. Principals, faculty members and students shall be involved in the development of each appropriate set of guidelines.

When a student is attired in a manner which is likely to cause disruption or interference with the operation of the school, the principal shall take appropriate action, which may include suspension.

Dress Code/School Activity Exceptions: The school may develop special dress days for special occasions at the direction of the school principal which allow for an exception to the dress code (i.e. "Hat Day", "Pajama Day", etc.).

Special Situations: If a student cannot comply with the standardized dress code based on special conditions or religious beliefs, his or her parent or guardian may write a letter explaining the situation to the principal. If permission is granted, this letter will be kept in the student's school record. Each case will be handled on an individual basis. Appropriate documentation will be required.

Dress Code Disciplinary Action-

1. On the first offense, the student will receive a warning and be instructed not to wear the clothing item back to school or asked to change into more appropriate clothing.

3. Any additional dress code offenses will result in referral to office for disciplinary action.

Cell Phone / Personal Communication Device Policy-

Policy Number 6.312

Upon arrival on school grounds, students may possess a personal communication device with written permission from their parents. This permission will be kept on file in the school office. The personal communication device must be in the off mode and must be placed in a backpack, pocketbook or stored out of sight until the end of the school day. The principal or designee may grant a student permission to use the personal communication device at their discretion. Violation of this policy will result in the confiscation of the device for seven (7) calendar days for the first offense and thirty (30) calendar days for each offense thereafter. Should the device be confiscated within six (6) days before the end of the school year, it will be returned on the last school day. The device will be subject to search. If the 7th or 29th day occurs during a school break (Christmas or Spring Break, etc.), the phone will be returned the first day school resumes. Any and all personal communication or electronic devices are not required, nor does the school assume any responsibility should these items be lost, damaged, stolen or confiscated. It is further the policy of the Cocke County Board of Education that the three paragraphs stated above are the minimum requirements regarding the use of cell phones on school grounds during instructional time. Individual schools are free to adopt more restrictive policies than

written above so long as the 16 same are submitted to and approved by the Cocke County Board of Education.

It is further the policy of the Cocke County Board of Education that the four paragraphs stated above are the minimum requirements regarding the use of cell phones on school grounds during instructional time. Individual schools are free to adopt more restrictive policies than written above so long as the same are submitted to and approved by the Cocke County Board of Education.

Grading, Curriculum, and Promotion Policies-

Report cards will be sent home at the end of each grading period. Parents should sign and return the report card to school. Written comments may be included when returning the report card.

Progress reports will be sent home every three weeks. They are to be signed by the parent/guardian and returned to the teacher within one week.

Honor roll is comprised of students who receive no less than a "B" in major content areas (Math, Reading/Language Arts, Science, and Social Studies).

Promotion/Retention- Policy Number 4.603

Students will normally progress annually in sequential order from grade to grade. The staff will place students at the grade level best suited to them academically, socially and emotionally. The determination of whether a pupil is promoted or retained in grade or which class he is assigned to is made by appropriate school officials, not others or parents. The law clearly authorizes the local board "through its officers and employees" to assign children not only to schools but also to "grades, classes, or courses of study within school." Retentions may be made when, in judgment of the teacher, such retentions are in the best interest of the student(s).

Discipline/Student Conduct Policies-

Students should always strive to obey all school rules. However, the principal and teachers are responsible for establishing and maintaining effective discipline within the school. All teachers have not only the right, but the responsibility and duty to reprimand or correct any student who is misbehaving. By state law, the principal and teachers stand “in loco parentis” (A Latin legal term meaning “in place of parent”) while the child is under their care and supervision.

School staff and parents must assume the responsibility for appropriate behavior in the school. We enlist the aid of parents and other staff members to maintain what we consider to be proper discipline and conduct. As a staff, we know our parents will be supportive of maintaining good discipline and conduct in our school.

Respect of Staff Members- Students should show respect for teachers and staff members at all times. **Disrespect by students toward any teacher or staff member will not be tolerated.** Disrespect to teachers and staff will result in disciplinary action.

Student-to-Student Conduct- Displays of public affection (kissing, “holding hands”, etc.) are not allowed on school grounds or at school-sponsored events.

Respect of Personal Property- Students are expected to show respect and be responsible for their actions toward other individuals and their property. Students should not take or damage the property of other students, school personnel, or the school system.

Students damaging school property will be responsible for restitution, replacement, or repair costs. They will also be subject to disciplinary action.

Student Valuables/Personal Property- Students are advised not to bring valuables/personal items (large amounts of money, electronics, cell phones, etc.) to school. The school will not be responsible for lost, damaged, or stolen personal property. **Students are not allowed to sell or exchange items at school.**

Lost Textbooks/Materials-

Lost books and materials assigned to the student must be paid for by the parents or guardian.

Textbooks issued to students are the property of the Cocke County Board of Education. They should be used with care and returned in good condition. Students and parents are responsible to pay for books which are lost, stolen, or damaged beyond repair.

The school will not issue any additional textbooks/materials and will withhold all grade cards, diplomas, certificates of progress, or transcriptions until restitution is made.

Drug-Free Schools, Alcohol, Tobacco-

Students will not consume, possess, use, sell, distribute or be under the influence of illegal drugs or alcoholic beverages in school buildings or on school grounds at any time, in school vehicles or buses, or at any school-sponsored activity, function or event whether on or off school grounds. This includes but is not limited to abuse of inhalants and prescription drugs.

Disciplinary sanctions will be imposed on students who violate standards of conduct required by this policy. Such sanctions will be consistent with local, state, and federal laws, up to and including suspension/expulsion as well as referral for prosecution.

Upon information that a student is suspected of violating this policy, the principal of the school shall be notified immediately. After inquiry and obtaining the facts, if the principal determines that a student has violated this policy, he shall notify the student's parent or guardian and the appropriate law enforcement officials, suspend the student from school, and refer the matter to the Disciplinary Hearing Authority for further action; provided that no student shall be suspended without first having been provided due process.

Students shall not be allowed to use or be in possession of tobacco or tobacco products while on school property, on school buses, or while participating in school-sponsored activities. Students in violation of this policy will be subject to disciplinary action.

Weapons and Dangerous Instruments-

Students shall not possess, handle, transmit, use or attempt to use any dangerous weapon in school buildings or on school grounds at any time, or in school vehicles and/or buses or off the school grounds at a school-sponsored activity, function or event.

Dangerous weapons for the purposes of this policy shall include, but are not limited to a firearm or anything manifestly designed, made or adapted for the purpose of inflicting death or serious bodily injury or anything that in the manner of its use or intended use is capable of causing death or serious bodily injury.

Violators of this section shall be subject to suspension and/or expulsion from school.

In accordance with state law, any student who brings or possess a fi rearm on school property shall be expelled for a period of not less than one (1) calendar year. The director of schools shall have the authority to modify this expulsion requirement on a case-by-case basis.

Discrimination/Harassment-

Students shall be provided a learning environment free from sexual, racial, ethnic and religious discrimination/harassment. It shall be a violation of this policy for any employee or any student to discriminate against or harass a student through disparaging conduct or communication that is sexual, racial, ethnic or religious in nature. The following guidelines are set forth to protect students from discrimination/harassment.

Student discrimination/harassment will not be tolerated. Discrimination/harassment is defined as conduct, advances, gestures or words either written or spoken of a sexual, racial, ethnic or religious nature which:

1. Unreasonably interfere with the student's work or educational opportunities; or
2. Create an intimidating, hostile or offensive learning environment; or
3. Imply that submission to such conduct is made an explicit or implicit term of receiving grades or credit; or
4. Imply that submission to or rejection of such conduct will be used as a basis for determining the student's grades and/or participation in a student activity

Bullying/Intimidation-

Students shall be provided a safe learning environment. It shall be a violation of this policy for any student to bully, intimidate or create a hostile educational environment for another student. Harassment, bullying and intimidation occurs, if the act takes place on school grounds, at any school-sponsored activity, on school-provided equipment or transportation or at any official school bus stop, if the act either physically harms a student or damages his/her property, or knowingly places the student in reasonable fear of such, causes emotional distress to a student or students, or creates a hostile educational environment. If the act takes place off school property or outside of a school-sponsored activity, an act of harassment, bullying or intimidation occurs if the act is directed specifically at a student or students and has the effect of creating a hostile educational environment or otherwise creating a substantial disruption to the education environment or learning process. These acts may also take place through electronic means.

Alleged victims of the above-referenced offenses shall report these incidents immediately to a teacher, counselor or building administrator. Any allegations shall be fully investigated by a complaint manager (as set forth in Student Concerns, Complaints and Grievances 6.305).

Profane or Indecent Language-

Profane and indecent language will not be permitted on school grounds or buses.

Possession or Use of Explosives-

Any student who has in his or her possession any pyrotechnics (firecrackers, powders, explosives, ammunition or related materials) while on school grounds or bus shall be subject to suspension/expulsion from school.

Interrogation by School Official-

Students may be questioned by teachers or principals about any matter pertaining to the operation of a school and/or the enforcement of its rules. Questioning must be conducted discreetly and under circumstances which will avoid unnecessary embarrassment to the student being questioned. Any student answering falsely, evasively or refusing to answer a proper question may be subject to disciplinary action, including suspension.

If a student is suspected or accused of misconduct or infraction of the student code of conduct, the principal may interrogate the student, without the presence of parent(s)/guardian(s) or legal custodians and without giving the student constitutional warnings.

Searches-

Any principal, or his/her designee, having reasonable suspicion may search any student, place or thing on school property or in the actual or constructive possession of any student during any organized school activity off campus, including buses, vehicles of students or visitors (Notice shall be posted in the school parking lot that vehicles parked on school property by students or visitors are subject to search for drugs, drug paraphernalia or dangerous weapons), and containers or packages if he/she receives information which would cause a reasonable belief that the search will lead to the discovery of:

1. Evidence of any violation of the law;
2. Evidence of any violation of school rules or regulations or proper standards of student or faculty conduct;
3. Any object or substance which, because of its presence, presents an immediate danger of harm or illness to any person.

A student using a locker that is the property of the school system does not have the right of privacy in that locker or its contents. All lockers or other storage areas provided for student use on school premises remain the property of the school system and are provided for the use of students subject to inspection, access for maintenance and search. Notice shall be posted in each school that lockers and other storage areas are school property and are subject to search.

A student may be subject to physical search or a student's pocket, purse or other container may be required to be emptied because of the results of a locker search, or because of information received from a teacher, staff member or other student if such action is reasonable to the principal. All of the following standards of reasonableness shall be met:

1. A particular student has violated policy;
2. The search could be expected to yield evidence of the violation of school policy or disclosure of a dangerous weapon or drug;
3. The search is in pursuit of legitimate interests of the school in maintaining order, discipline, safety, supervision and education of students;
4. The primary purpose of the search is not to collect evidence for a criminal prosecution; and
5. The search shall be reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student, as well as the nature of the infraction alleged to have been committed.

School Assemblies-

During assemblies and other special activities, courtesy should always be shown to guests. Entering and leaving the assembly should be orderly and quietly. Students violating these expectations will be subject to disciplinary action.

Field Trips-

All classes have the opportunity for educational field trips. Students whose behavior is uncooperative or consistently poor may be required to stay at school on field trip days.

Disciplinary Procedures-

Non-compliance with school rules and policies will result in corrective action being taken by administration. Disciplinary options may include but not limited to: removal from class for a period of time, penalty, loss of privileges, corporal punishment, suspension, expulsion, referral to Disciplinary Hearing Authority, or referral to juvenile court.
